

Wedding Ceremony Video Recording

(optional)

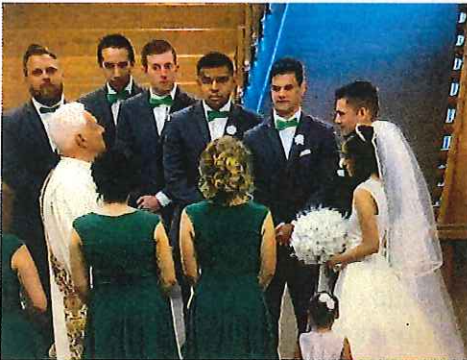

For an additional fee of \$800, Holy Spirit can provide you with a video recording of your wedding ceremony using the parish's HD camera system. The fee helps to offset the cost of the video equipment to the church and pays the video producer who will shoot, edit, and produce the video.

Please note that we **only** record the ceremony taking place in the church. We do not record anything off-site.

As part of this service, Holy Spirit will provide you with a USB drive, Blu-ray disc, and/or DVD of your wedding ceremony video. The USB drive will contain an HD video file that can be easily copied to a computer or burned to another disc. If you have any specific requests or would like additional disc copies, please write them on the back of this sheet.

Please know that this service is *completely optional* and is intended to be a blessing to those who opt for it. We do still allow other videographers to record your wedding ceremony according to the photographer/videographer guidelines if you so choose.

If you choose not to have this service, please disregard this page.

If you would like this service, please fill out your information on the back of this sheet.

By signing below, I agree to allow Holy Spirit Catholic Church to make a video recording of my wedding ceremony for an additional fee of \$800. I understand that this service depends on the functionality of electronic equipment that always has the possibility of malfunctioning without warning. In the unlikely event that an equipment malfunction, power loss, or an unforeseen circumstance causes my event not to be recorded, I understand that Holy Spirit will refund me the full video recording fee of \$800, but cannot be held liable for the consequence of not having been able to provide the final product of the recording itself.
